EASTERN NEWS

By Overland Mail—Dates to Aug. 9th.

From overland papers, of dates to August 9th, we get the following:

[Dispatch to the Chicago Tribune.]

A WHITE HOUSE TRICK

WASHINGTON, Aug 8.—At the Cabinet meeting yesterday Secretary Schofield presented General Grant's recommendation for the release of all persons under sentence of military courts held under the Reconstruction laws in the restored States. This was given out at the White House in connection with a former recommendation of Grant that the murderer Lusk be hanged, and the two worked together in such a way as to be a direct insult to the Commander in Chief.

THE RECONSTRUCTED STATES

The draft of a circular regarding the military authorities furnishing aid to the new State governments of the South was in course of preparation at the War Department to day. It will set forth the course to be pursued in accordance with the laws governing the case of a State applying for aid, and will be a final settlement of the question whether the President intends to recognize those governments.

GENERAL ROSECRANS

had a long interview with the President to day. He expects to start west about the middle of next week and will be in Ohio a number of days. The date of his departure for Mexico is not yet fixed, but his instructions will not be long delayed.

MRS. TRUMBULL

has been better throughout the day, but her near friends consider her case hopeless.

INTEREST ON REGISTERED BONDS

WASHINGTON, Aug 8.—The Secretary of the Treasury issued regulations dated the 6th inst. concerning the payment of interest on registered bonds. All parties to whom interest is due on such bonds must collect their interest of the Assistant Treasurer within ninety days from the date when it is due or otherwise their claims will be referred to the Treasury Department for settlement.

TREASURY ITEMS

Fractional currency issued from the Printing Bureau for the week, $197 000; shipments, $526,626; notes shipped to National Banks, etc., $108,560. National Bank notes issued, $75,210; amount in circulation, $229,932,773; fractional currency redeemed, $441,100.

THE BLAIR FAMILY.

The Blair family is to have a reunion at the residence of Montgomery, the last of the present week. Thus far the Democratic Clubs of the district have failed to complete their arrangements for the reception of Frank.

EX SECRETARY STANTON,

who had expected to visit Ohio by the middle of this month, has been detained in Washington. He is preparing to take some part in the campaign in that State. He will hardly be able to start before the early part of September.

THE PUBLIC DEBT STATEMENT

The recent public debt statement exhibits the fact that the matured debt, without interest, amounts to eighteen millions. Of this sum $14[illegible] 008 is composed of 7 30s which have overrun the time for their redemption in 5 20s. The latter class of bonds are now being presented at the Treasury and during the past week they have been redeemed in currency to the amount of $600,000.

MRS. TRUMBULL.

WASHINGTON, Aug 9.—The condition of the wife of Senator Trumbull is reported as somewhat improved to day, and some hopes are entertained for her recovery.

MISSOURI—BANDITS IN THE WESTERN COUNTIES

ST LOUIS, Aug. 8.—There seems to be an organized band of robbers at work in the western part of this State. On Tuesday last, a stage from Butler to Harrisonville, Bates county, was stopped by three armed men and the passengers robbed of several hundred dollars, and on the evening of the same day, Mr Goodwin, from Mansfield, Ohio, in camp with his family near Harrisonville, was robbed of $490 and his watch, no doubt by the same men who robbed the stage. Goodwin was going up to Bates county, to buy a farm, but was stripped of every dollar he had. A party of citizens organized and went in pursuit of the robbers.

DENVER—THE COLFAX PARTY—AGRICULTURAL PROSPECTS

DENVER, Aug 9.—Hon. Schuyler Colfax and party arrived here yesterday, and will remain till to morrow, when they start for the Colorado mines in the mountains.

It is estimated that 60 000 acres are under cultivation in Colorado this year. The yield is estimated much larger than ever before, owing to seasonable rains and the absence of grasshoppers. It is believed there will be one third of a crop of wheat, one third of corn, and one third of small grain and vegetables.

WADE HAMPTON EXPLAINS

WASHINGTON, Aug 9.—Wade Hampton has given another evidence of his perfect familiarity with the framing of the New York platform by pointing out, in a bitter speech, that in the first paragraph of the eighth plank the word "absolute," as it now appears in most if not all, the Democratic papers, should be obsolete, so that the paragraph will read, "the obsolete doctrine of immutable allegiance." He says the clause was put in by General Preston, of Kentucky. Hampton closes his speech by calling for three cheers for Lee.

LETTER FROM EX MINISTER ADAMS

BOSTON, Aug 8.—In response to an invitation to address some Republican clubs at Quincy, Hon. Chas. Francis Adams declined to enter into the active political canvass, preferring rest and retirement. He says, however: "You are perfectly right in presuming that I have in no respect varied in my attachment to the principles I held before my departure from the United States. I am still devoted to the support of the self evident truth proclaimed in the great declaration of 1776, to the maintenance of our glorious Union against every enemy, and to the supremacy of the Constitution as our protection against assaults from without as well as within."

General Grant's Trip from Chicago to Galena.

[Dispatch to the Chicago Tribune.]

NEWS OF THE GENERAL'S COMING

ROCKFORD, Aug 7.—At about 11 o'clock this morning the news glided along the wires that General Grant and party were aboard the Freeport passenger train *en route* for Galena. It would not be deemed proper by our citizens, nine tenths of whom are Republicans, to allow the General and future President of the United States to pass through without some demonstration in his favor. Therefore, no sooner had the intelligence found its way to State street than Rockford began to pulsate, and it would have been evident to the most casual observer that something of unusual interest was in the tapis.

A RUSH FOR THE DEPOT

Soon the old cannon, which upon many a patriotic occasion has been dragged from its retirement, was seen coming towards the depot, and as soon as train time approached, the sidewalks on Court street leading to the depot began to teem with an eager crowd of pedestrians, all hastening in one direction. Vehicles of all descriptions were seen rolling up clouds of dust in their haste to reach the scene of interest, and soon an immense concourse of people had gathered together, every eye lighted up with enthusiasm.

ARRIVAL OF THE TRAIN

A small boy in the crowd, with the usual ambition of boys to distinguish themselves, announced that the train was coming, which announcement was the signal for a grand rush for the most convenient points of view.

AN ENTHUSIASTIC, CRUSHING MASS

General Grant had, it seemed, taken up a position upon the engine, whether from a desire to avoid observation or not has yet not transpired. If this was his object, however, the General did not show his usual generalship and strategy, for the surging populace soon discerned his retreat and crowded about him. He managed to press his way into the dining room at Myers after a short remonstrance from Mayor Baker to the crowd of people. He requested them to check their enthusiasm so far as to allow Gen. Grant to partake of his dinner in peace, which request was complied with.

HAND SHAKING AND GENERAL GOOD FEELING

After dinner the General made his appearance on the platform of the rear car, and then commenced a hand shaking, which was kept up without interruption for ten or fifteen minutes. Cheer after cheer rent the air for Grant and Colfax, the cannon thundered a response, the band played a national air, and all was a scene of wild and uncontrollable enthusiasm.

DEEDS NOT WORDS

The General was called for a speech, but he would not depart from his code. He is a man of deeds, not words.

GRANT AND THE PEOPLE

Grant is spoken of by his enemies as eliciting little or no enthusiasm along his line of travel. Be this as it may, certainly any one witnessing his reception at this place would find it extremely difficult to credit such an assertion. Our Democratic friends may as well admit one fact, for it is incontrovertible, namely, that Grant has a strong hold upon the affections of the people of the Northern States. There is something about the man which commends him to every good and right thinking individual. Wherever he goes they see something in his pleasant countenance which inspires a feeling of confidence. "We can trust him" is the emphatic expression of every true and loyal heart.

ARRIVAL OF GRANT AT GALENA

GALENA, ILL., Aug 7.—The arrival of General Grant this afternoon was the occasion of a demonstration on the part of the citizens which in point of numbers and enthusiasm excelled anything of the kind ever before witnessed here. He left Chicago at 9 A. M.—the General Superintendent's car being at his disposal—in company with his wife and children. All along the route the sturdy tillers of the soil assembled to welcome him, and cheer after cheer rent the air as the train approached and left each station.

AT FREEPORT

the crowd numbered fully three thousand. A cannon stationed near the depot belched forth a salute as the train neared the station, and while awaiting the arrival of the train for Galena the firing was kept up. A number of the prominent men of the city were favored with an introduction to the General, and others, not so fortunate, pushed their way through the crowd and pressed him warmly by the hand. Here, as elsewhere on the line of the road, the cheering was almost deafening. The time of departure at length arrived and the train moved forward, followed by some who had not yet seen the greatest Captain of the age, in hopes of catching a glimpse of him.

AT WARREN

a committee from Galena entered the General's car and informally welcomed him to his home. Congratulations were exchanged and inquiries as to the health of himself and wife were made by all.

AT HOME.

Galena was reached at 5 30, and the sight which opened to the view of those on board the train was truly grand. The depot is situated in a valley, on either side of which are lofty hills, the tops seeming almost to touch the clouds. Scattered all over these were groups of people waving handkerchiefs and hats, and cheering so loudly as to completely drown the shrill whistle of the locomotive. The house-tops were covered, while the space around the depot was one mass of human beings. The response to the call of one gentleman for three cheers gave twice the number, with a hearty good will. A company of young men had secured a 12 pounder howitzer, and stationed it on the top of a high eminence, and while the cheering was going on a salute was fired.

THE GENERAL ESCORTED TO HIS RESIDENCE

The General and family alighted from the cars and were escorted to their residence in carriages provided for the purpose by the crowd.

EVENING SERENADE.

In the evening the Tanner Club, two hundred strong, accompanied by citizens, proceeded to his residence and tendered him a serenade. In response to repeated calls General Grant made his appearance.

SPEECH OF WELCOME

Colonel J. A. Smith, the commander, then said:

GENERAL: It affords me much pleasure to appear here with your fellow citizens, who have come to pay their respects to you as a worthy citizen of this city. Many of those you see here before you have served in the ranks under you, and fought during the campaign at Donelson and Vicksburg, have followed you on to victory at Mission Ridge, traveled with you to the Potomac and bore the flag through the battle of the Wilderness and on to Richmond, and they appear this evening as your fellow citizens, to pay their respects to their old commander. Be pleased to accept them.

BRIEF SPEECH OF GENERAL GRANT

General Grant responded as follows:

GENTLEMEN AND FELLOW CITIZENS OF GALENA: After an absence of three years from your midst it affords me great pleasure to return here again to see you all, and, as I hope, spend an agreeable and quiet fortnight with you. During that time I will be happy to see you at your homes, and at mine whenever you can make it convenient to call. I shall not on this occasion, nor upon any other, make you a speech, which I suppose you are well aware of. I am very glad to see you.

In response to calls from the crowd, speeches of welcome and congratulation were then made by Messrs. R. R. McLellan, E. A. Small and Col. Smith.

Three cheers and a tiger were then given for General Grant, and the assemblage quietly dispersed to their homes.

MR. JOHNSON AND THE DEMOCRACY.

WASHINGTON, Aug. 7.—It is perfectly well known here and fully admitted by numbers of the President's political friends, that he manifests no signs of enthusiasm for the Democratic ticket, but on the contrary, causes its earnest [illegible] much anxiety on account of his coldness toward it. No attempt to secure the neutrality of the Cabinet for Blair and Seymour has been made on his part, and none will be made till Mr. Johnson himself gets into a friendly mood.

POLITICS IN INDIANA—RENUNCIATIONS OF DEMOCRACY

INDIANAPOLIS, Aug. 9.—Political [illegible] is on the increase. Hon. Thos N. Stillwell, United States Minister to Venezuela, and for the past three years a Johnson man, made a Grant and Colfax speech at a large Republican meeting at Anderson, on Saturday, and Judge [illegible], of Kokomo, and Democratic contingent elector for the Eighteenth District, has also [illegible], and will shortly take the stump for Grant, Colfax and Baker. Everything looks well for the Republican ticket by an [illegible] majority.

THE KU-KLUX IN THE SOUTHWEST.

ST LOUIS, Aug. 7.—A special from [illegible] Mo., to the *Democrat*, says it is [illegible] by several citizens from the southwest part of the State that the sheriff of Benton county, with assistance by his brother and one or two other men, attempted, last Saturday, to [illegible] notorious desperadoes, known to belong to the Ku-Klux Klan. The sheriff, his brother, and perhaps other assistants, were killed and the [illegible] escaped.

SEVERAL PERSONS INJURED BY LIGHTNING ON BOARD AN OCEAN STEAMER.

DETROIT, Maine, Aug. 7.—The [illegible] *William Tibbitts*, from Boston, [illegible] the harbor, this evening, was [illegible] by lightning, which tore in pieces the fore [illegible] sail, and thence passed into the pilot-house, which was almost demolished. Captain [illegible], who was in the pilot-house, was seriously injured, and a young lady passenger prostrated by the shock. Eugene Ingraham, the pilot, was so [illegible] burnt that his recovery is doubtful. The [illegible] passed along the wheel-[illegible] to the [illegible], and in its course knocked a man overboard, who was soon rescued, however. None of the passengers were injured. The hull of the [illegible] not damaged.

DEMOCRACY AS IT IS NOW PRACTICED IN VIRGINIA.

"It is true you [illegible] in the step you took to separate [illegible] from the Union, but, failing to [illegible], you were never out of the Union, [illegible] in the Union."

Referring to the state of affairs in [illegible], he styled those in power [illegible] who, by the [illegible] fortunes of war, have [illegible] obscurity to [illegible] continued:

"These [illegible] that [illegible] robbery shall stop, and [illegible] been devoted to the best [illegible] who have [illegible] disqualify [illegible] from the [illegible] of suffrage, shall have that right."

A large proportion of our army is [illegible] in guarding the Pacific Railroad [illegible] tile Indians. EXTINGUISHER.
PORTABLE
SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more [illegible] manner than has hitherto been discovered.

The advantages to be [illegible] from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale, and the [illegible] uncontrollable increase is owing to the fact that at the time of its commencement (when every [illegible] in checking it is of the utmost [illegible]) no [illegible] are ready at hand.

The EXTINGUISHER is the only [illegible] that fills this requirement.

It is always ready for use, though standing [illegible] for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable and as easily [illegible] a bucket of water.

It possesses within itself the power of a force pump, and as effective as a Steam [illegible].

It is the only known invention that will put out Fires from Kerosene, Tar, [illegible] and [illegible] now in common use.

Democratic Love for the Laborers

In their treatment of the question of [illegible] the Democrats make a special effort to [illegible] that they favor the laborers. They [illegible] spitiously that there must be [illegible] for the laborer and the office holder [illegible] ment and the soldier. This is the [illegible] clap trap uttered to hold the laborers into the belief that in the Democracy only they can find their friends. Wade Hampton who figured so conspicuously in the Democratic National Convention advises the Southern planters to employ no laborers who will not vote for Seymour and Blair, and the infamous proposition is being taken up quite generally in the Southern States. The following resolutions adopted by a Democratic Club in South Carolina July 25th are a sample of the Democratic proscription of laborers for opinions sake

Resolved That we do approve the declaration of principles as set forth by the National Democratic Convention at New York, and do cordially ratify the nomination of Horatio Seymour for President and F P Blair Jr for Vice President and do pledge ourselves to support the cause and the men that the Convention have selected for our standard bearers

Resolved That no member of this club shall employ, rent land to, or patronize any Radical after the present contracts shall have expired. And that from this date, we will not give employment to any freedmen who are straggling over the country as day laborers, who cannot show a certificate that they are members of some Democratic association.

"Our club numbers 135 and still they come"

"H O MOSLEY, Secretary

The above resolutions were published in the Columbia (S C) *Phoenix* of July 30th. The laborers are to be starved into voting for Seymour and Blair and that is the way the Southern States are to be carried for the Democracy. Is this to be the rule of the Democracy in the North also? Must the laborer produce his certificate of membership in some Democratic association, before he can obtain employment of a Democrat? This would be only in keeping with Democratic intolerance and hatred of their political opponents. In some portions of Missouri where the Democratic population prevails, tradesmen have refused lately to credit Union people or to traffic with them except upon the hardest terms.

The equalization of all species of property according to its real value, which is proposed by the Democratic platform, is another illustration of the Democratic regard for the laborer. He whose property was never taxed before, except for State and local purposes, is to have it taxed equally with that of the banker, bondholder, distiller and foreign importer to raise revenue for the government—and because in no other way could the Democracy wreak their hatred and revenge upon the bondholder. How do the laborers like the plan?

The Radical Congress passed lately an eight hour law for the laborers. Whether such a law benefits the laborer or not is not in question; the laborers thought it would; they asked for the law, and the Republican Congress passed it. The Democratic administration to defeat the purposes of the law immediately issued orders through the War Department, cutting down the pay of laborers in government employ, in proportion to the reduction of hours.

Thus, turn which way we will we find the Democracy, practically arrayed against the laborer.

WHO DID THE LYING?—The *Herald* accuses the telegraph people of lying, in relation to the Republican meeting at San Francisco, on the evening of the 20th, quotes the little Peanut *Call* to prove it, and winds up by saying

The *Times* (Radical) speaks of the meeting in the [illegible] stereotyped phrase, "large and enthusiastic but [illegible] relatives which would give the least intimation that it was more than an ordinary San Francisco political rating. * * * * N Vice Presidents were appointed by the meeting

Here is what the *Times* did say

A large and enthusiastic meeting of Union Republican citizens was held last night at Platt's Hall, under the auspices of the Freedom's Defenders, for the purpose of ratifying the nominations made in the recent State and Congressional Conventions. The hall and galleries were alike crowded, long before the meeting was opened and the scene was in marked contrast with that of the previous evening, when Mr Casserly spoke at the same place to the Democracy * * * * At the conclusion of his [Mr Brooks's] remarks the lists of Vice Presidents were read

The *Herald* seems to find it impossible under any circumstances, to tell the truth the whole truth and nothing but the truth. The *Times* account says the Hon Frank Pixley was received with "enthusiastic demonstrations, renewed again and again, and that he "retired amid prolonged applause. The report of the speeches of Hon John F Swift and A P Dudley (late Democrat) are interspersed frequently with parentheses such as "applause" "enthusiastic and prolonged applause, etc. At the close of the report the *Times* says: "A platform had been erected outside the hall, for the accommodation of speakers, and a spirited meeting was held there while the larger meeting was going on inside of the hall. A large number of persons were addressed on the issues of the day, by several speakers and the *utmost enthusiasm prevailed*. From all which it would appear that the meeting was a rouser, that the telegraph people were about right after all, and that all the lying in the case was done by somebody else—the *Herald* perhaps.

BEATS THE WORLD.—On the 19th inst over six miles of track was laid on the Central Pacific Railroad. The *Bulletin* of the 20th, says: "This beats the best work done on the Union Pacific and we are promised that seven miles shall be laid in one day if necessary to keep the palm for the California company. Probably at least eight or ten miles of track per day is now being regularly laid by the two companies. Eight days ago about 717 miles remained to be built between the termini of the Central and Union Pacific. If only six miles of track per day has been laid this distance has been reduced to 669 miles.

The soldiers are for Seymour and Blair say the Democratic newspapers. Well we acknowledge that some of them are. There are Gen Preston and Wade Hampton and Gen Forrest and Gen Buckner and—the graybacks all for Seymour and Blair. The boys in blue never could march well to the music of Dixie and they therefore train in another crowd. The soldiers are divided between Seymour and Grant much as they were during the rebellion.

Among the acts of Congress passed at the recent session was an act disapproving the law of the Washington Territory Legislature of last winter reorganizing the judicial districts and reassigning the judges. This leaves the districts and the assignment of the judges as before the passage of the law by the Legislature.

IDAHO

The Boise *Statesman* of the 22d furnishes the following

The mercury stood 106 in the shade on Thursday and 104 yesterday. Slight appearance of rain last evening

Thursday morning about three o'clock a man named Wm Dillon an Irishman was found dead at Record's station sixteen miles from Boise City on the Owyhee road. The coroner's jury has not yet returned a verdict on account of absent witnesses

Since writing the above we learn from Dr [illegible] that he performed a post mortem on the body, and found no signs of violence externally and that he died from congestion of the bowels. Further particulars will be given in our next issue with the verdict of the coroner's jury

Capt Fry, of Owyhee lately returned from the Sweetwater mines and informs us that he prospected extensively in that country but found no mines that would compare favorably with our hird class diggings. As to the quartz he says that they make more fuss over a piece of rock with a speck of gold in it than we do over a ton of the pure metal. He was in the vicinity of the Indian attack on the Standifer party but fortunately escaped them and returns to us a wiser man on the Sweetwater mining humbug.

Thursday a stage from Idaho City upset on the grade above Stringham's station on Mores creek. Fortunately no one was seriously injured although the stage was deeply crowded. Mr Saunders had his ankle strained and Mr Lazarus, merchant of Idaho City received an injury in the arm. Several ladies were also considerably bruised. We learn from Mr J [illegible] driver that the breaking of the tongue or pole of the coach was the cause of the accident. Parties who have traveled that road will remember it to be a very high grade and a dangerous place

Grasshoppers are making us a visit en masse. Every weed fence and house in the city is covered with the unwelcome visitors. Were it not for the smoothness of the window glass our sanctum would be darkened from morning till night. Many a poor hopper fell in the attempt to take a slight glance into our office. The air is full of the flying pest seemingly [illegible] their fluttering over the valley from bluff to bluff. If they remain long they will do [illegible] the vegetables and grass in the valley. WASHINGTON TERRITORY

We clip the subjoined items from the Olympia *Transcript* of Aug 23d

We understand that the wheat yield in Lewis county is very large and that many of the farmers taking advantage of the dry weather and the good condition of the grain are threshing it out in the fields.

The fires are still burning in the woods all through the country. We hear of the destruction and injury of a great deal of timber, of fences and some damage to other property. The dwelling of Rev G F Whitworth [illegible] miles below town is reported to have been burnt a few days ago together with the fences. The house was unoccupied

From citizens of Mound Prairie we learn that the bears are making sad havoc with the orchards in that vicinity. The James [illegible] have [illegible] two very fine orchards entirely destroyed. Mr Montgomery's orchard [illegible] formerly owned by Mr James [illegible] now [illegible] water is [illegible] orchard in that vicinity has [illegible] the ravages of these destructive animals [illegible] the people reside

[illegible] harvested, threshed [illegible] inside of four months. On the [illegible] (last Thursday) he had a load of flour [illegible] the Lincoln mills Tumwater. This is doing pretty well. NEW YORK, Aug 25.—Last night shortly after the commencement of the performance of the play at Broadway Theater several sheriffs and officers arrived with warrants issued by Judge Barnard for the arrest of D H Haskins the present manager of the company. During the [illegible] Haskins escaped through the body of the house. The sheriff and officers were arrested after which the performance proceeded. ... BUSINESS.—The *Jennie Alice* will sail in ballast for Puget Sound, there to receive a cargo of lumber for China, ... the parties chartering her for her present voyage, ... know of the ability of Oregon mills to furnish just as good an article as the mills on the Sound or elsewhere. All Oregon wants is that her resources be developed, and information of them be disseminated, to give her her proper standing in the commercial world

Attention is called to the stock of ... and wind ... offered for sale, at low prices by Messrs. Everding & Farrell. They also deal in general produce and those who deal with them can rely upon fairness and prompt attention.

PARSONAGE.—Mr O'Brien has received the contract from Rev Mr Fierens, for building a parsonage in this city for the Catholic clergy The building is to be erected at the rear of the Catholic Church on the corner of Third and Oak streets and will contain twenty rooms The estimated cost is $5,000 The grading of the lot has already commenced and the superstructure will progress immediately When completed it will be a fine home for the clergy of this large church and an ornament to that part of the city where it is built

MEETING TO DAY.—The Orphans' Aid Society of this city will meet to day at two o'clock in the afternoon at the new M. E. Church The last meeting was encouraging and steps were taken to promote with proper energy the object of the Society To have some systematic plan will probably be adopted to secure the assistance of the public generally in this good work. We bespeak the attendance of the ladies at the meeting this afternoon as business of the greatest importance will be brought before the Society for its disposal

A GOOD TEAM and a fine buggy or a splendid saddle horse can always be obtained at the lowest living prices at the stables of Messrs. [illegible] on the corner of Second and Morrison streets Their accommodations cannot be surpassed in the city and persons wishing anything in their line would do well to patronize them Try one of their spanking teams and new buggies and you will be pleased with the turn out, and satisfied with their charges.

SPURIOUS GREENBACKS.—Yesterday we were shown some counterfeit legal tender notes of the denominations of $10 and $20 which were very well executed They are upon the National Bank at New York and on comparison with the genuine bills of the same denomination it is a very difficult matter to tell any difference between them The bills we saw had escaped detection by some practised eyes and ... would be likely to deceive the most skillful It would be well to be careful as it is unknown what amount of these counterfeit bills are in the market

CLOSED.—Owing to the proximity of the small pox patient the employees of Mr. Ball's wagon shop have ceased work and refuse to continue until there is more security against the disease than they enjoy, working so near. Through the negligence of some one many persons in that vicinity will suffer considerable loss. There is yet much feeling against the parties who were instrumental in allowing the man to be taken there and the city authorities for permitting him to remain

ARRIVED.—The sloop *Dan Hayes* from Cathlamet with 140 bbls salmon. The barkentine *Melancthon* from San Francisco with the following: B [illegible] 2 coils rope, B S 25 packages; C Barrett 2 cases; C H D K, C & M 875; O & A 10 bbls lime; H & S 40; Harris & Holman, 26; E A Hawley 347; J Strowbridge, 6; O W 138; O C M, 50 cases coal oil; Smith & Davis 274; S G Reed 73, S 40; McCormick 2, W & S 83; W & Co 23; W W M Co 215; W & C 16

THE EXCURSION.—The excursion to Oregon City gotten up by Multnomah Lodge, takes place this evening Quite a number of tickets have been sold and a general good time is anticipated. Some one dissatisfied with the arrangements circulated a report that the excursion would not take place. This is entirely groundless as no idea of failure has been entertained by the committee

PATENT GRANTED.—Among the letters patent issued to inventors during the week ending August 4th was one for an improvement in manufacturing and purifying spirits—Peter Martin, Forest Grove, Oregon. (Antedated April 4 1868.) If this invention will take the noxious ingredients out of the bad whisky it will be an auxiliary to the Good Templars society

HEALTH REFORM.—We have received a pamphlet of thirty six pages containing the constitution of the Health Reform Association of Oregon and Washington Territory, and the annual address before that society delivered by T. W. Davenport of Marion county. Mr Davenport presents some of the best reasons that exist for using the cold water cure for all diseases

FINE PIANO.—The Chickering Grand Piano purchased by the Philharmonic Society of Portland was received by the barkentine *Melancthon* yesterday It came consigned to Mr. S. J. McCormick President of the Society and is said to be as fine an instrument as can be found on the Pacific coast. We hope to have an opportunity of hearing the tone of it very soon

ALL KINDS of fine goods such as clothing, furnishing goods, boots and shoes can be found at the store of Messrs. E. Fox & Bro. The attention of the public is especially called to their large stock now on hand all of the latest styles and best quality

CHARTRES COFFEE!

Manufactory Established in June, 1851.

STEAM POWER, NOS 625 AND 627 FRONT ST

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers and every day he sees increasing the number of those who by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters Nevertheless, buyers should be forewarned and placed on their guard against this practice

Soldiers' and Sailors' National Union.

From the San Francisco Times, Aug. 21st.

The loyal soldiers and sailors of California have determined to participate in the present civil contest, and assist in winning by their votes, as they did with their bayonets, another victory for their grand military chieftain, General U. S. Grant, over the enemies of liberty and good government.

The following named gentlemen have been selected as permanent officers, and members of the State Central Committee of the "Soldiers' and Sailors' National Union": President, John F. Miller, of San Francisco; Vice Presidents, Geo. S. Evans, of Stockton, Geo. W. Bowie, of Sacramento, P. Edward Connor, of San Francisco; Secretary, Edward Ingham, of San Francisco; Treasurer, J. N. Olney, of San Francisco.

State Central Committee—A. McKendry, of San Francisco; Thos. E. Ketcham, Stockton; A. Heath, Santa Cruz; O. C. Miller, San Francisco; Matthew Sherman, San Diego; Z. B. Adams, San Francisco; Wm. Gouverneur Morris, Napa; John C. Schmidt, Humboldt; Edward Ingham, San Francisco; H. G. Rollins, Nevada; O. H. LaGrange, Alameda.

ADDRESS.

By the State Central Committee of the Soldiers' and Sailors' National Union to the Union Soldiers and Sailors of California.

Comrades—Your recent military services for the preservation of the Union, and the legislative enactments of the General Government consequent to the rebellion, have been brought at issue with treason and public disorder in the approaching national election.

It was not anticipated at the disbandment of the army—after the armed rebellion had been thoroughly subdued—after rebels had been pardoned by your magnanimous chieftain, and granted immunity from the penalty of the law—after they were placed in possession of their forfeited lands, and finally readmitted to full citizenship—that an active and threatening political party would so suddenly assail the peace of our restored country.

But the issue has been thrust upon the country by a political combination of considerable magnitude. You must assist in securing a popular vindication of the right and duty of an elective Government to enact the necessary laws, of the people to furnish the necessary support, and of citizens to perform the necessary military duties, to preserve the Republic in time of danger.

That a portion of the Democratic party inaugurated civil war, and attempted, in the interest of human slavery and against practical freedom and progress, to destroy the Federal Constitution rather than submit to a legal majority; that the remaining adherents of that party in the North were opposed to the prosecution of the war, and consequently favored disunion; that they endeavored to prevent the success of our national arms by persistently using their political power to retard enlistments and cut off supplies; that they prolonged the unnatural and sanguinary strife by direct opposition to the Union armies; that they have now offered a reunion with their allies in the South, and, otherwise augmented in numbers, form a political body of great numerical strength, are subjects to elicit prejudice and deep concern in the minds of loyal men, but cannot justly determine the duty of a returned soldier in the coming election.

The tendencies and avowed principles of existing parties alone can determine the line of duty.

It is unfortunate for the peace of the country that leading men of the Democratic party have not manifested a willingness to accept the results of the war as conclusive.

Had they accepted the situation and secured, as their choice for Chief Executive Officer of the nation, a citizen who gave an honest support to the Government during the rebellion, your honor as late soldiers would not have been publicly menaced, and no remaining hostility on your part toward men of the "Southern Confederacy" or their allies would have required you to participate as a class in the approaching political contest. But you are now called upon to assume a position as positive as your record!

In the possible [illegible] of the Democratic party, the [illegible] is threatened with an abrogation of all Congressional acts relating to the restoration of the late rebellious States.

The election of Gen. U. S. Grant to the Presidency will avert national anarchy, confusion and war.

Your Committee will not discuss the plain issues before the people. They are well understood by men who have taken such an interest in their country as voluntarily to fight for it.

Neither would they awaken in the friends of the law and order an undue prejudice by the humiliating recitals of [illegible] incidents connected with the political notoriety of Horatio Seymour—the Democratic nominee for President. Your duty and honor require that you act in conjunction with comrades in the Atlantic and Western States. Form organizations and Campaign Clubs, and support the National Union Republican Party. Let your political action in this contest repair as far as possible the loss to the Union party, of 400,000 voters who fell in war against treason.

O. H. LAGRANGE, Chairman.

EDW. INGHAM, Sec'y.

The Death of "Miles O'Reilly"

The New York *Tribune* of August 4th says: "Miles O'Reilly," the jolly, genial poet and journalist, so long a favorite with all classes of readers, died suddenly at the Astor House yesterday morning. On Saturday he was in his usual health and spirits, and in the afternoon had made preparations to go with James T. Brady on an excursion to Rockaway, when an attack of colic or cholera morbus warned him to defer the trip, and he took a room at the Astor House, where he remained over Sunday. During the whole of Saturday night he [illegible], and walked his room many hours before retiring. On the following day he suffered intense pain in the head and was in a very excited state. Late in the afternoon he sent to a druggist for chloroform, and in the hope of obtaining relief inhaled too much of the dangerous anesthetic. At about 8 o'clock, a servant came to his room and found him insensible. A physician was called without delay, but his patient's condition was beyond his power to improve. Every means was employed to resuscitate the unconscious sufferer, but in vain, and at a little after 12 Miles O'Reilly was a corpse.

As he had left word with his family that he was about to leave the city, his absence, of course, caused no uneasiness; but when yesterday morning the sad tidings of his untimely death were revealed to his invalid wife the shock was too great to be borne, and her eldest daughter would hardly survive their grief. At noon Gen. Halpine's body was conveyed to his residence, No. 58 West Forty-seventh street, where it was visited during the day by a large number of sorrowing friends.

Gen. Halpine was born in November, 1829, in county Meath, Dublin, Ireland. His father, a minister of the Established Church, and at various times a mathematical teacher in Dublin, editor of Dublin *Evening Mail*, and [illegible] was one of the principal contributors to *Blackwood's Magazine*, took great pride in the education of his son, whom he prepared for and entered at Trinity College in 1846. In the following year young Halpine, having married, removed to Boston, where he became an associate of B. P. Shillaber (Mrs. Partington) on one of the literary papers of that city, and subsequently connected himself with the *Pilot*. In 1848 he accepted the position of French translator on the New York *Herald*, and while holding this position wrote sketches, poems and editorials for nearly all the other leading daily and weekly papers of the city. About a year after his arrival in New York City he published a volume under the title of *Poems by the Letter H*, which attracted but little attention.

He was next appointed the Nicaragua correspondent of the New York *Times*, and wrote a series of remarkable, spicy letters on Walker's famous filibustering expedition to Central America, and after acting as Washington correspondent of that paper, and also as associate editor for a time, he purchased an interest in the *Leader*, then managed by John Clancy, and assisted in editing that journal until the breaking out of the Rebellion. Gen. Halpine was always a hard worker. While doing most of the editorial duty upon the *Leader* he also wrote for the *Tribune*, the *Times* and the *Herald*. At this time he was not known to the world at large as a writer, although many brilliant things came from his pen, among them a poem published in the *Tribune* some years before the war—*Stanzas to the American Flag*—beginning,

"Tear down the flaunting lie,"

a poem prompted by the horrors of the last slave hunt, in which a poor human being was dragged from toil-bought freedom into hated bondage again, under the banner which waved over "the land of the free and the home of the brave."

Ye Pimpled, Blotched and Ulcerated Victims of Scrofulous Disease who drag your unclean persons into the company of better men, take **AYER'S SARSAPARILLA**, and purge out the foul corruption from your blood. Restore your health and you will not only enjoy life better, but make your company more tolerable to those who must keep it.

TO ALL WHOM IT MAY CONCERN.

PORTLAND, Og'n, July 28, 1868.

As there are a great many people sick and dying of a disease called Cholera Morbus, I would call attention to the Chinese Doctor Jim. Having eaten green fruit I was taken very bad with the above disease, and lay insensible for four hours, when Dr. Jim was called, and in 20 minutes after he gave me the first dose of medicine I was easy and asleep. I believe that there is no other doctor on the Pacific coast that could have relieved me as quick as Dr. Jim did.

His statements are not worth a denial. His game is "Bluff," which, if he would only take the case to Court, would soon be played out. Don't believe him!

I would be glad to get a case into the United States Court and get a decision. That would forever stop the mouth of Myers and his misrepresentations. TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary.

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system. Look at their pallid, emaciated and disgusted faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies; see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER. Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.

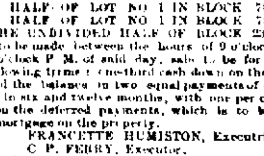
WATER WHEEL.



THESE WHEELS, UNEQUALED AND UNRIVALLED in the United States or the world, have been fully tested on this coast, many being in use at this date, driving all kinds of machinery, Saw Mills, Flour Mills, Quartz Mills, Woolen Factories, &c., &c.

CAUTION.

To all whom it may concern:—I hereby give notice that the so-called "Shipley's Pacific Turbine Water Wheel" is a direct infringement and copy of the "James Leffel's American Double Turbine Water Wheel," and its manufacture and use is hereby prohibited. Any person or persons making, using, constructing or vending said Water Wheels make themselves liable to heavy damages and penalties. Parties interested will take notice, for I shall prosecute said infringements to the utmost extent of the law.

That all may know I mean what I say, and am not playing "*bluff*," I give the following extract from a legal opinion on this subject from one of the most eminent Patent Attorneys in the United States.

WASHINGTON, D. C., April 17, 1868.

"MR. A. MYERS—In accordance with your request we have examined the patents of Shipley on Water Wheels, and are clearly of the opinion that they both infringe the Leffel's patents. In both of Shipley's Wheels he uses the upper and lower tiers of buckets precisely as Leffel does, and to this he clearly infringes. The fact that Shipley has applied another series of buckets in addition to those used by Leffel, does not relieve him from the consequences of infringement at all. He has no right to use those two tiers of buckets, whether alone or with a third, or any other number of tiers added. It is a clear infringement. Respectfully yours,

DODGE & MUNN.

I hereby give notice that I will prosecute every infringement on our Patents, whether it is the maker, user, buyer or seller. Every infringement, whether our claims are used in whole or in part, will be prosecuted.

A. MYERS.
